

CLAIMS

What is claimed is:

1 1. In an improved dresser luggage having at least one
2 drawer, the improvement comprising:

3 two large partially recessed curb climbing wheels;

4 a telescoping integral luggage cart with two additional
5 steerable wheels;

6 a variable position handle mounted upon two vertical support
7 members and a pivoting cross bar to facilitate one of pushing and
8 pulling the luggage; and

9 at least one drawer removably disposed within a main
10 compartment of the luggage that converts to another piece of
11 luggage by the addition of its removable cover.

1 2. The improved dresser luggage of claim 1 which further
2 comprises at least one shelf removably disposed within the main
3 compartment using zippers, said shelf for supporting a drawer.

1 3. The improved dresser luggage of claim 1 in which the
2 variable position handle includes at least one coat hook.

1 4. The improved dresser luggage of claim 1 in which the
2 variable position handle converts to a temporary closet rod by
3 rotation in a horizontal plane from one of its vertical support
4 members.

1 5. The improved dresser luggage of claim 1 which further
2 comprises an integral fold out table disposed within the luggage
3 and supported by a main compartment cover.

1 6. The improved dresser luggage of claim 1 which further
2 comprises an externally accessible freshen kit disposed behind a
3 zippered closure.

1 7. The improved dresser luggage of claim 1 which further
2 comprises an externally accessible utility drawer.

1 8. The improved dresser luggage of claim 1 which further
2 comprises an externally visible large figure digital travel alarm
3 clock.

1 9. The improved dresser luggage of claim 1 which further
2 comprises at least one externally visible identification plaque.

1 10. The improved dresser luggage of claim 1 which further
2 comprises an externally accessible pouch.

1 11. The improved dresser luggage of claim 1 which further
2 comprises two additional drawers removably disposed within the main
3 compartment of the luggage that each convert to another piece of
4 luggage by the addition of its removable cover such that capacity
5 of the luggage can be doubled.

1 12. In an improved dresser luggage having at least one
2 drawer, the improvement comprising:

3 two large partially recessed curb climbing wheels;
4 a telescoping integral luggage cart with two additional
5 steerable wheels;

6 a variable position handle mounted upon two vertical support
7 members and a pivoting cross bar to facilitate one of pushing and
8 pulling the luggage, the handle having at least one coat hook and
9 being convertible to a temporary closet rod by rotation in a
10 horizontal plane from one of its vertical support members;

11 an integral fold out table disposed within the luggage and
12 supported by a main compartment cover;

13 at least one shelf removably disposed within a main
14 compartment using zippers, said shelf for supporting a drawer; and

15 at least one drawer removably disposed within the main
16 compartment of the luggage and supported on the shelf that converts
17 to another piece of luggage by the addition of its removable cover.

1 13. The improved dresser luggage of claim 12 which further
2 comprises an externally accessible freshen kit disposed behind a
3 zippered closure.

1 14. The improved dresser luggage of claim 12 which further
2 comprises an externally accessible utility drawer.

1 15. The improved dresser luggage of claim 12 which further
2 comprises an externally visible large figure digital travel alarm
3 clock.

1 16. The improved dresser luggage of claim 12 which further
2 comprises at least one externally visible identification plaque.

1 17. The improved dresser luggage of claim 12 which further
2 comprises an externally accessible pouch.

1 18. The improved dresser luggage of claim 12 which further
2 comprises two additional drawers removably disposed within the main
3 compartment of the luggage that each convert to another piece of
4 luggage by the addition of its removable cover such that capacity
5 of the luggage can be doubled.
